

WILMINGTON UNIVERSITY  
COLLEGE OF TECHNOLOGY  
BASIC COURSE INFORMATION

COURSE NUMBER: IST 7080

COURSE TITLE: Cloud Management

I. MAJOR INSTRUCTIONAL OBJECTIVES :

Objective A: Student will become familiar with the basic concepts of cloud computing, its history, and the major types of services and deployment models

A-1. Describe what cloud computing is and the four cloud deployment solutions

A-2. Demonstrate knowledge of the history of cloud computing

A-3.

governance frameworks including the Cloud Center of Excellence (CCoE).

II. CLASS PARTICIPATION:

Students are expected to attend class and participate actively and in a positive way. Questions and relevant observations are encouraged and enrich the experience of the entire class. Computers in the classrooms are intended to be used as tools to enhance the students' learning experience. Instant messaging, gaming, emailing, and surfing the web are distractions to the student, the surrounding students, and the instructor and constitute inappropriate behavior. Students are ethically obliged to avoid these and similar practices.

III. TECHNICAL REQUIREMENTS

You will need access to a high-speed computer equipped with Internet access, Microsoft Word, Microsoft PowerPoint, or MS PowerPoint viewer, and a printer. You should also be able to access Canvas LMS where details of assignments and resources needed to complete them will be located.
