

**WILMINGTON UNIVERSITY
COLLEGE OF TECHNOLOGY
BASIC COURSE INFORMATION**

COURSE NUMBER: SEC 7050

COURSE TITLE: **Information Assurance Integration/Capstone**

I. MAJOR INSTRUCTIONAL OBJECTIVES:

Objective A: Develop the skills and knowledge needed for Information Assurance (IA) professionals

- A-1. Identify technological systems, components, policies, and/or elements needed to meet business requirements and comply with regulatory/industry standards
- A-2. Describe the principles of Information Assurance used to manage risks related to the use, processing, storage, and transmission of information or data
- A-3.

II. CLASS PARTICIPATION:

Students are expected to attend class and participate actively and in a positive way. Questions and relevant observations are encouraged and enrich the experience of the entire class. Computers in the classrooms are intended to be used as tools to enhance the students' learning experience. Instant messaging, gaming, emailing, and surfing the web are distractions to the student, the surrounding students, and the instructor and constitute inappropriate behavior. Students are ethically obliged to avoid these and similar practices.

III. TECHNICAL REQUIREMENTS

You will need access to a high-speed computer equipped with Internet access, Microsoft Word, Microsoft PowerPoint, or MS PowerPoint viewer, and a printer. You should also be able to access Canvas as that is where details of assignments and resources needed to complete them will be located.
