

WILMINGTON UNIVERSITY
COLLEGE OF TECHNOLOGY
BASIC COURSE INFORMATION

COURSE TITLE: Photojournalism

COURSE NUMBER: TEC 366

I. MAJOR INSTRUCTIONAL OBJECTIVES:

Objective A: To develop an understanding of visual storytelling

- A-1 Study the history of photojournalism
- A-2. Learn to tell the story of an event in images
- A-3. Develop an understanding of print (and sometimes electronic) media in its various forms

Objective B: To develop technical skills that will enable the student to combine the artistic nature of the medium while disseminating the necessary information

- B-1. Practice photographing subjects under unusual situations
- B-2. Experiment with different films, lenses, lighting and camera settings
- B-3. Compare images with classmates and discuss their decisions

II. CLASS PARTICIPATION:

Students are expected to attend class and participate actively and in a positive way. Questions and relevant observations are encouraged and enrich the experience of the entire class. Computers in the classrooms are intended to be used as tools to enhance the students' learning experience. Instant messaging, gaming, emailing, and surfing the web are distractions to the student, the surrounding students, and the instructor and constitute inappropriate behavior. Students are ethically obliged to avoid these and similar practices.

External Storage Requirement:

Students are required to supply their own external storage (ie., SD card, external hard drive, etc.) See Course Canvas page for instructor's directive for your course. Memory cards are NOT supplied with cameras and video equipment.

Equipment required for this Course:

Digital cameras will be provided during class sessions. A personally owned digital camera with manual functions would be helpful for outside assignments
